

DID CLARKE BRING \$10,000 IN OLD BILLS TO CANADA?

W. A. Faulkner, Former Member of
Athabasca Railway, on Witness
Stand.

TELLS HIS VERSION OF STORY

Says Members of the Syndicate Thought
They had been Tricked in Sale
to Clarke.

(Special to the Capital)
Winnipeg, May 3.—That W. A. Clarke obtained from the Capital National Bank of St. Paul a large sum of money in old currency some time last fall to take with him to Canada was the interesting evidence which was elicited from W. A. Faulkner, before the investigating commission this morning. Faulkner in addition said that his partner, R. Newton, who arranged the transaction at the bank told him that Clarke wanted old currency so that it could not be traced. Faulkner was keenly cross questioned as to the text he wrote to another member of the syndicate in which he made references to transferring stock to men of "political weight." He refused to say who these men were, claiming he could not recollect and in fact he thought it was only business men. The political end of the syndicate's dealing, he said, was left to Cornwall. He was none too gentle in his reference to the Peace River member and said he thought Cornwall was trying to "hog" too much stock and again that "he tried to hold us up."

Faulkner also intimated that members of the syndicate thought that they had been tricked in their sale to Clarke.

Application to Laurier.

W. A. Faulkner continued his evidence this morning, being examined by Mr. M. L. Johnstone. A letter was produced written by the witness on November 7th, 1907, to A. Hawes at Toronto. The letter said: "We have secured from Senator Roy and Cornwall at Edmonton running north to Lac la Biche." This letter said that the Attorney-General's Department had been instrumental in securing the charter. Faulkner explained that what he meant was that O. M. Biggar had been active. Mr. Biggar being the law partner of Mr. Cross. The witness was the originator of the idea that the construction company was to receive the proceeds of bonds and stocks. Cornwall was to receive what ever was coming to him out of the profits of the construction company.

Cornwall had obtained a letter from Premier Rutherford to Sir Wilfrid Laurier and arranged that Boyle, Cross, and Rutherford were to go to Ottawa and endeavor to obtain a cash subsidy. The reply of Sir Wilfrid was that during the winter western roads had a hard time to operate owing to the poor equipment and it was a bad time to apply for a subsidy. He said that as a colonization road the company should show its good faith by building the first fifty miles.

How He Met Parker.

Faulkner was closely examined as to the settlement of the claims of the Syndicate. As far as he knew they all agreed. He thought Cornwall agreed.

"Do you know why the balance of cash for the option has remained undistributed?"

"Nobody seemed anxious to get it and just let it lie there."

"And for all you know, it may go on lying there for the next ten years?"

"I don't care."

Faulkner explained at length his connection with A. M. Parker of Calgary. He was in Vancouver at the time. A. M. Boven was there and was curious to find out if she was the same woman he had read of. When he was trying to find out he met Parker whom he remembered seeing in Edmonton several years ago, then in the pay of the Liberal party. Parker said that the Alberta Railway Company stock might become valuable.

MISS OLIVER ENGAGED

Third Daughter of Minister of the Interior
to be Married

Ottawa, Ont., May 3.—The engagement of Miss Clara Oliver, third daughter of Hon. Frank Oliver, Minister of the Interior and Mrs. Oliver, to Mr. Allan Keefe, son of Mr. Chas. Keefe, C. E., and Mrs. Keefe of Elmwood, Rockville, and grandson of Mr. T. O. Keefe, C.M.G., of Manor House, Rockville, has been announced.

FACES PERJURY CHARGE

James Chapman Committed to Trial on
New Indictment.

James Chapman, the negro who admitted in the extradition proceedings in the District Court last week, that he had perjured himself in giving evidence against Mrs. Mathews and himself in regard to the alleged murder of Lawrence Mathews, was committed for trial on the perjury charge, at a preliminary trial held in the Police Barracks before J. O'Neill Hayes, J. P. last night.

The only witness called was the court stenographer, who testified that Chapman had made certain statements in the witness box on April 26th and 27th, and had later denied them. E. B. Cogswell appeared for the crown, and F. D. Byers for the defense.

Forecast—All West: Fine and warmer today and Wednesday.

NO REPORT READY ON POWER HOUSE

Special Committee of the City Council
Has Not Arrived at Any
Conclusion.

"No," said Alderman Armstrong to a Capital reporter this morning, "we will not have any report on the power house to make to the council tonight."

Ald. Armstrong is the chairman of the committee that was appointed to investigate the building of the pump house and to fix the responsibility for the bad work that was done.

"We have not arrived at any conclusion yet," said the alderman. "In fact we have had no formal meeting yet, and so we cannot say at all as to whom we shall fix the responsibility on. I imagine that it will be some little time yet before we have our report ready."

Important "Fence" Found

Chicago, May 3.—More than \$5000 worth of watches and jewelry said to have been stolen, was recovered yesterday in a raid at 4718 South State street. The place is said to have been a "fence" where stolen goods are received. The proprietor, Isaac Marks, was arrested. Most of the jewelry was identified by the owners, who had reported robberies during the last four months.

Spring suits you'll find hard to pass at Kelly & Moore's.

NEW BUILDINGS GOING UP

Plans Filed in Building Inspectors Office
To-Day.

Plans were filed in the building inspectors' office this morning for the following buildings:

Dr. J. L. Biggar for a two-story residence on the west side of Fourth street, between Jasper and Victoria avenues, to cost \$7,000.

C. J. Carlio for a two-story implement warehouse and salesroom, on the east side of Queen's avenue, between Clara and Inabell, thirty-two feet frontage and one hundred feet depth, to cost \$3,000.

Ellis Brown, a two-story frame residence on the west side of Ottawa avenue, between Heinich and Morris streets, to cost \$2,000.

NO DECISION ABOUT WATER

A. C. Potter may not Plan Water
Supply System.

WORKING ON SEWAGE SYSTEM

Existing System will be Utilized and a
Great Saving will be Thus
Effected.

The Commissioners have not yet decided whether they will ask Mr. A. C. Potter, the New York expert, to make a study of the water supply system for the city or not. When this question was brought up at the council meeting last week, it was decided to leave the matter in the hands of the Commissioners with power to act as they thought best. Since then the Commissioners, the city engineer and Mr. Potter have had several meetings, but nothing definite has been decided yet.

When a Capital reporter asked Commissioner Butchart this morning when the decision would be arrived at, he stated that the Commissioners were waiting for Mr. Potter to secure certain information for them, and that they expected to get it in the course of a day or two. On the other hand, however, both the city engineer and Mr. Potter, thought that if they were going to look into the water supply system, stated that they were only waiting for the Commissioners to make up their minds.

Speaking in regard to the sewerage system, Mr. Potter stated this morning that he was getting along very well.

"I have reached a stage where I can safely say that a great deal of economy can be effected in the present plans," said Mr. Potter. "And perhaps the best part of the new plans that I am preparing is that we can make use of the present system in its entirety to advantage. This will mean a saving to the city, as the money that has already been put into the system will not be lost."

There is some talk in Strathcona of asking Mr. Potter to investigate the sewerage system there before he leaves Edmonton. It will be decided at tonight's meeting of the Strathcona council.

TAFT IS PLEASED WITH HIS WORK

Praises the State Department's Policy
and Dwells on Canadian Tariff
Agreement.

Pittsburg, Pa., May 3.—President Taft ended his two days' stay in Pittsburg with a speech at a dinner of the Americans' Club last night in which he dealt almost wholly with the foreign affairs of the nation. The President paid a striking tribute to the Secretary of State, Mr. Knox, who was present. He vigorously defended and justified the Secretary's Nicaragua policy, flayed those who invented the phrase "dollar diplomacy," and ended with the declaration that the record of the State Department during the first year of the present administration was one to which he pointed to with the greatest pride.

He dwelt especially on the satisfactory tariff agreement with Canada.

WHAT OTHER CITIES GIVE

Commissioner Butchart Hears From
Nine Municipalities.

GRANTS FOR MAINTENANCE

When Hospitals are not City Institutions
Councils are Represented on
the Board.

If Edmonton follows the example of the other important cities of Canada and the Eastern States, it is altogether likely that the new city hospital will receive not only a grant of money for building purposes, but will also receive an annual grant for the maintenance of the hospital after it is built.

It will be remembered that when Mr. McKenzie made his appeal to the city council a couple of weeks ago the council requested the commissioners to write to the chief cities of Canada and find out what system is used in regard to city or public hospitals. This morning Commissioner Butchart announced that letters had been sent to eleven cities, and answers had been received from nine of them. Those cities from which answers have been received are Calgary, Vancouver, Winnipeg, Hamilton, Toronto, London, Cleveland, Buffalo, and New York.

Seven of the nine say that they have a general or public hospital. Hamilton and Cleveland own their public hospitals. And in every case they have given their hospitals sums ranging from \$210,000 to \$1,000,000 for city and buildings. Calgary has given \$210,000 and Cleveland \$1,000,000, and the other cities amounts

(Continued on Page Five)

ALL DID NOT KEEP RULES

Edmonton Real Estate Exchange is
Formally Disbanded.

FEW MEMBERS HAD REMAINED

Those Few Decided Exchange did not
Fulfill the Purposes it was Intended
for.

Alleging that certain members of the Edmonton Real Estate Exchange had violated the constitution by resigning quiet as to good properties listed with them, but making use of the general lists of exchange, and by encouraging curl-stone brokers, four members resigned at a meeting of the exchange held in the Board of Trade rooms last night. A few minutes later, after several attempts had been made to hold the members together, the Real Estate Exchange was formally disbanded.

At the meeting there were only a few real estate men present, yet these few represented about 75 per cent. of the total membership. Since the first of the year, six members have resigned, and those remaining felt that the purpose for which the exchange was organized, was not being lived up to, and that it was useless to keep the organization any longer. So, in disbanding, it was decided to divide the funds among the members, including the four who resigned last night. The exchange was organized only about a year ago, with a membership of 50. For a while everything went nicely, but lately so many complaints have been coming in of members violating the rules of the organization, that it has been felt for some time that the only thing left to do, was to disband.

Bad Elephant Executed

Danville, Ill., May 3.—The big bull elephant which started the herd of a circus on a rampage yesterday afternoon and which resulted in thousands of dollars' worth of damage being done, besides serious injuries to several persons, was executed this morning in excellent condition. They were valued at about \$1,200.

MORSE CONTINUES FIGHT

Big Trust Builder Still Seeking Release
From Prison.

Washington, May 3.—Another fight for the freedom of Charles W. Morse, the New York ice king, who is serving a fifteen-year sentence in the Federal penitentiary at Atlanta, Ga., was begun today in the Supreme Court of the United States, when Martin W. Littleton asked leave to file a petition for a writ of habeas corpus. Morse was convicted of misappropriation of the funds of the National Bank of North America, and making false entries in the books of the bank.

TWO BODIES ARE MISSING

Others all Recovered from Ruins of
Burned Hotel.

BUSINESS IS BEING RESUMED

Cornwall, Ont., is Recovering from the
Awful Catastrophe of Last
Week.

Cornwall, Ont., May 3.—It is understood that only two bodies remain in the Rossmore Hotel ruins, those of W. Holmes and Ernest Butler, the latter of Montreal. Today portions of the remains were found which were evidently those of C. C. Gray and son. They were both discovered beneath the rooms occupied by Mr. and Mrs. Gray and family. The funeral of Mrs. Archibald will take place this afternoon from Trinity Church, where the remains now are, to Woodlands. The funeral of Ben Fielding will be on Wednesday to Trinity Church and Woodlawn cemetery.

The town once more settling down to normal conditions. The Bell Telephone office has connected all the local phones with the exception of the log is necessary. The operation will probably be performed within a few days.

FROZEN TO RIGGING

Disaster Overtook Fishing Schooner in the
Far North.

Seward, Alaska, May 3.—With the bodies of Alaska Bowers and Williams frozen stiff to the rigging, Captain Kuchler dead of exposure and the cook swept overboard and drowned, a rescuing party found the three-masted codfish schooner Stanley of San Francisco a total wreck on Sanak Island. The vessel went on the rocks March 28. Five seamen who survived jumped overboard the night before and were rescued by dories. The work of rescue was made difficult by the intense cold. The captain died just as the party reached him. The bodies were buried on Sanak Island and the survivors taken to Unga. The ship's cargo was reduced to a pulp. In two days a loss of \$30,000 was recorded besides the season's business at several stations owing to the loss of supplies aboard the schooner.

SURVEY PARTY STARTS NORTH

Saunders and Seymour Send out
Twenty Men With Train
of Seventeen Ponies.

Quite a large crowd collected this morning opposite the Windsor Hotel to witness the packing of a train of pack ponies. The ponies, fourteen in number, belong to Saunders and Seymour, who are sending an outfit north to Lac la Biche, to do sub-division work. The outfit will proceed today down to the packing plant; from there to Fort Saskatchewan and so on to Lac la Biche. The outfit, which is composed of about twenty men with seventeen ponies and a wagon, will stay out until about August, when it will return to town for a week. The ponies are a very fine string indeed; all of them being in excellent condition. They are valued at about \$1,200.

BRAZEAU LINE THIS YEAR TEN MILLIONS INVESTED

(Special to the Capital)

Toronto, Ont., May 3.—Mr. D. D. Mann, vice president of the C. N. R., yesterday made the announcement that all arrangements have been completed in connection with the financing of the Brazeau coal field, located in the foothills of the Rockies, west of Edmonton and that the Canadian Northern is committed to the line to the colliers this summer.

The railway which will be about 150 miles long, will commence at a point near Edmonton and will run to the Brazeau and McLeod rivers. It is bonded at \$13,000 a mile for the first fifty miles and for \$55,000 for the remaining hundred. The federal government recently allowed this subsidy on the assistance to the Edmonton, Yukon & Pacific road, also C. N. R. project being withdrawn.

The coal areas comprise about ten thousand acres and entail a capitalization of nearly \$10,000,000. Considerable German capital is invested along with the Mackenzie and Mann and affiliated British capital.

ROOSEVELTS IN AEROPLANE

Theodore's Son and Daughter Were
Delighted With the Trip.

Paris, May 3.—Kermit and Ethel Roosevelt made a flight in a Wright biplane at Vincennes last week. They were soaring above the aerodrome by the American and British Military Attaches, and Baron d'Estournelles de Constant.

Count Lambert, an expert Wright pilot, immediately invited Ethel to make an aerial trip. A minute later they were soaring above the military ground, which Miss Roosevelt's father had covered on horseback in the morning.

Kermit went up next and expressed great delight.

Then a third person clamored to make the ascent. This was Gabriele d'Ammazio, the Italian poet, wearing yellow kid gloves and immaculate fawn colored trousers. To him also a ride was given. The machine which took them up was making its first trip and was piloted by Miss Roosevelt.

Premier Will Lose Leg

Halifax, N. S., May 3.—Premier Murray's general condition continues improved, but the decision of the surgeons is that amputation of the leg is necessary. The operation will probably be performed within a few days.

Mackenzie's Name Did It

Montreal, May 3.—A letter from London states the Hudson's Bay shares were boosted as high as 112 1/2 pounds recently, on the rumor that William Mackenzie had gained control of the company. A man who is close to Lord Strathcona, says the report is without foundation.

WESTERN BILLS BEFORE COMMONS

Alberta, Peace River and Eastern
Railway's Bill of Incorporation
was Passed.

Ottawa, Ont., May 3.—In the House of Commons yesterday the following private bills were given their third reading: Respecting the British North Western Fire Ins. Co., Mr. Haggart; Winnipeg incorporating the Alberta, Peace River and Eastern Railway Co., Mr. Martin, Regina.

When the orders of the day were taken up the third reading was given without discussion to the railway subsidy bill and a bill to incorporate the Canadian Northern Alberta Railway Co. and to aid in its construction. Mr. Fielding's resolution to continue the subsidy to the Canadian Association of Press for telegraphic news from Great Britain for five years on a sliding scale of from \$12,000 for the first year down to \$5,000 the last was adopted and the bill found thereon given its third reading.

H. B. C. Chief Factor Dead

Montreal, May 3.—The death took place at Montreal yesterday after a long illness of Mr. Peter McKenzie, well known throughout the length and breadth of Canada, as chief factor of the Hudson's Bay Company. He was 70 years of age at the time of his death and is survived by his wife.

Prompt delivery is one of the things we pride ourselves on. Phone 1550 Edmonton Drug Co.

H.B.C. LANDS DEAD WEIGHT

West End Improvement Association
States Grievance.

WOULD RAISE ASSESSMENT

On the Ground That in Present State
They Retard the City's Development.

A meeting of the West End Improvement Association was held last night, when several important resolutions were passed. It was decided that "whereas the Hudson's Bay Company by neglecting to subdivide their property near Twenty-first street and along the same on the market, are retarding the growth of the city, as well as causing additional expense in the matter of the extension of the utilities to the outlying districts on account of such extensions being made without consideration of non-revenue producing property, it is unanimously resolved by the association that in their opinion measures should be immediately be taken for the surveying and placing on the market or the said reserve, in default of which the assessment should be raised in proportion to the prices which have been, from time to time, placed on portions of the property."

The building of fire halls was also discussed, and it was decided to petition the city council that both the fire halls which were mentioned in the current year estimates, should be built as soon as possible. It was also petitioned that the section of road where Twenty-first street crosses the G.T.P. tracks should be graded. Grading has been completed on both sides of the track, but no crossing has been provided, thereby making the road at present of little value to residents in the district.

Youthful Aviator

New York, May 3.—Percy Pierce, the fourteen-year-old flying machine experimenter, made his maiden appearance as a pilot yesterday morning at the Stuyvesant High School. He told the faculty and students what he knew about aerial navigation and showed his own drawing illustrating the different types of aeroplanes. He gave a miniature reproduction of the Blériot Channel flight by sending a model aeroplane from one balcony to another. Pierce recently organized the aviation section of the Stuyvesant school. Probably he has built more models than any other boy.

WESTON REACHES JOURNEY'S END

Veteran Pedestrian Completes Walk
From Ocean-to-Ocean in
77 Days.

New York, May 3.—Cutting his way through a living mass of twenty thousand cheering people, his white locks bared to the breeze and his shuffling feet keeping time to the strains of the Star Spangled Banner, Edward Paston Weston brought yesterday to a triumphant end his ocean to ocean walk. He ascended the steps of the city hall at 3:10 p. m., completing his transcontinental journey of 3,481 miles in 77 days, 15 hours, 26 minutes and 40 seconds, with only one day's rest, and without parallel in the annals of pedestrianism. The grizzled athlete was welcomed to his home city by Mayor Gaynor, who presented him with a purse of \$400 hurriedly raised by a handful of his admirers in the last hours of his spectacular walk.

FIRST GAME WAS A DRAW

Y.M.C.A. and St. George's Each Scored one Goal in Opening of City Football.

A large crowd of football enthusiasts was present at the Second street grounds last evening to see the opening City League game between the St. George's and the Y. M. C. A. The score at half time was nil and the whistle blew for full time found the contestants still tied, each with a goal to their credit.

Both teams swarmed on the field in new uniforms. St. George's had blue and white striped jerseys of the regulation English style while somebody with horse racing proclivities must have been responsible for the Y. M. C. A. shirts of black with yellow sleeves. The grounds were in excellent shape and far from being in good shape. New goal nets are a welcome innovation and do away with all disputed goals.

There were a number of new faces on each team, and in nearly every case the new players were in improvement on those they succeeded.

Y. M. C. A. held a little the better of the first half and only for two lead shots by Grant and Tompkins would surely have scored. The latter got possession of the pigskin a yard out from goal with nobody in his vicinity and then proceeded to lift it over the cross-bar. Mention must also be made of a nice stop by Hitchkins in this half.

The second half had hardly been in progress five minutes when Grant drove a beautiful shot into the net, with the first score for the Y. M. C. A. The black and yellow continued pressing, and Royds, through over-carelessness, put one over the goal. St. George's now took a decided lead and for the first time in the evening, seemed to have the advantage. A crowd of blue and white jerseys swept down on the Y. M. C. A. goal, and after giving Hitchkins a very long minute or so, Tommy Dykes drove one in, and tied the score. From now on the game was a succession of rushes, and St. George worked like heavyweights. It got dark very quickly, and by the time the whistle for full time, the players could hardly be distinguished.

St. George's have a grand pair of backs in Lovelock and Parsifles, and they proved a hard combination to pass. Tommy Dykes and the right outside were also prominent at all times. Stockdale, Roy and Grant started on the Y. M. C. A. forward line but evinced a great dislike to feeding the wings. A judicious pass to the side, at two or three different occasions might have won the game. Both teams get one point in the summary, as the result of the draw.

The tens lined up:	
Y.M.C.A. (1)	St. Georges (1)
Hitchkins	Goal
Short	Parsifles
Allen	Halves
Winstanley	S. Dykes
Dow	Grimble
Stockdale	Carran
Royds	Forwards
Roughton	Garheerott
Crews	A. Dykes
Grant	Levesey
Tompkins	Dykes

SPORTING CALENDAR

Local
Football match S. O. E. vs. Ithaca at Second street grounds. Game called at 6:45.

Nation League
Philadelphia at Boston.
Chicago at Pittsburgh.

For a \$50,000 purse
Chicago, May 3.—According to a contract signed here today Frank Gotch and Zbyrowski will meet in a final match at the American League ball park on the afternoon of May 30, Decoration Day. The match will be for a purse of \$25,000.

HUSKIES ARE READY FOR HAT

A Large Crowd of Calgary Rovers will Accompany Carny's Pats to be in at the Death.

Calgary, May 2.—The baseball game between the professionals and Chan's semi-pros, scheduled for Saturday afternoon, was postponed through the weather man butting in. While it cleared away in the afternoon it was somewhat uncomfortable and chilly, and Carny did not feel like taking any unnecessary chances of his men catching cold.

It is expected that Harry Rusk will play on the Calgary team. Manager Bill needs another pitcher, and he can get Rusk, who is with Vancouver, Rusk pitched here the last part of 1909 season, but he was not in very good shape. When he is feeling right, he is there with everything, and can hold his own with any of them in this league. He has been working out all this year with Vancouver, and is in good shape. Under Carny and a catcher of Matt Stanley's class, he should do good work in this league during the coming season.

Most of the boys are feeling better, and getting more used to this bracing climate. Geehan's sore arm is better and should be well again in a day or two.

With the opening of the league series only two days off the boys are looking forward with considerable interest for Wednesday, when they stack up against Medicine Hat. The players are anxious to get into the game for new reasons. First, they would rather play ball than trot out to the park twice a day; also they want to get a line on the strong Hat team under the leadership of Manager Billy Hamilton. These are not the chief reasons, however. Oh, no! As soon as the league starts, and that's one thing that makes life worth living.

The players are confident they can hold their own with the other teams in the league from dope to hard. In Clynes, Carney, Tallant and Flanagan, they will have an outfit the equal of the Hatters in Wilson, Bennett and Zimmerman. The local trio can cover just as much ground as the Hatters, and more; they are all old hands with reputations as good hard hitters when in the North West. All of them, with the exception of Tallant, are old N. W. players, with experience to burn. Tallant, however, has had good drilling with St. Anne's University.

A large number of supporters will take in the first game. This will encourage the boys to know they will have a rooting bench behind them on Wednesday afternoon when they face Medicine Hat, champions of 1907 and 1909.

TAYLOR TAKES TO LACROSSE

Not our old Chum Lady, but Fred, the Hockey Star—Is a High-Strung Chap—Wow!

Ottawa, May 3.—Fred Taylor, contented to a friend recently that he intended playing lacrosse this season. Fred did not participate in any games last year, though he appeared at practice. The fact of the matter is, Taylor is one of those high-strung fellows who likes to be active, and there is lots of truth in the declaration that he is coming out merely for the exercise.

Fred's one and only year in N. I. Lacrosse was characterized by a number of fireworks as he infused in the seasons in which he played hockey. He is a natural player and there are few who can handle the stick with him. He shoots with either hand, and frequently runs clear through the goal. He was the last time Capitals beat Shamrocks in Montreal it was Taylor who was the real cause. He played about every position on the field that day and there was no holding him. If Capitals are successful in getting into this season he will prove an asset to them.

Flynn Makes Good
Jack Flynn, the new first sacker, of the Pirates, made a home run with two on bases against Cincinnati on Friday. The world's champions won by 5 to 2.

HANS WAGNER, HIS RECORDS

Comiskey may Fancy Ty Cobb as the Greatest Player of All Time, but just Glance at these Figures.

Some marvellous statistics are gleaned by a diagnosis of the record of Hans Wagner, who has been playing major league baseball since 1897. The "Flying Dutchman" has taken part in 1,243 games. He has scored 1,462 runs and 580 stolen bases. He has played an average of 134 games each season. Hans has never had a lasting slump in his hitting in all the years of his career. His consistency as a hitter is shown by the fact that in 41 years he has averaged virtually 180 slugging a season. His best years were 1900 and 1908, in each of which he made 201 safeties. With the exception of his first year in first company he has never made less than 170 hits a year. Wagner has been just as competent on the bases as at the bat. He has participated in an average of about 44 bases every year. His best season at sack swiping was in 1907, when he stole 67. Last year was the worst he has had since 1898, but can be partially accounted for by the fact that Hans was under orders to save his strength as much as possible and to take no unnecessary chances.

JOHNSON SAYS HE WILL WIN

Considers that he will have an easy time with Jeff—Thinks Ex-Champion has gone back.

San Francisco, May 3.—After the conference last night between Sam Berger and Geo. Little, representative managers of Jeffries and Johnson, Berger announced that the date for selecting the referee for the big fight which was fixed for Wednesday, has been postponed for fifteen days. Berger declined to speculate on the probable choice.

Jack Johnson is now talking freely of his condition, his training plans and prospects. He asserts emphatically that he intends to regulate his own training. "If I win this fight," he remarked, "I want all the credit that is coming. What I want is some cramping young fellows who can stand the roughest work, for that is what this fight will be like." Johnson reasserted his confidence in defeating Jeffries. "I am not saying I will beat him because I think Jeffries has gone back, for I think I could have wiped him out at his prime," said Johnson.

HOKEYISTS IN THE COURTS

Jimmy Gardner and Ernie Johnson, of the Wanderers, are Suing Doran for a Bonus.

Montreal, May 3.—P. Doran, owner of the Jubilee rink, has two suits on his hands unless they are settled out of courts. The suits are brought by Jimmy Gardner and Ernie Johnson, hockey players, members of the last year's amateur hockey team, and in each case for a \$200 bonus consequent upon winning the championship. If the suits come to trial it is expected that there will be revelations made about the manner in which hockey is managed behind the scenes.

Gardner and Johnson each wanted \$1,200 for the season, but Mr. Doran would only give them a thousand with the proviso as they claim that they were to get a \$200 bonus. The proviso for the bonus was written in the margin and initiated by Mr. Boon, who also had signed the contracts as manager. Mr. Doran when asked some time ago about the bonus question said: "I am not paying any more money to the players. They have all that is coming to them. As far as bonuses are concerned I am paying those for which I signed myself."

Paulhan Gets Medal
Paris, May 3.—The National Aerial League has awarded its Grand Gold Medal to Louis Paulhan for his flight from London to Manchester.

MAY CALL OFF THE BIG FIGHT

Prize Fighting in Frisco has been Responsible for a Number of Deaths During the past Ten Years.

San Francisco, May 3.—There is gloom in pugilistic circles here as a result of Friday night's prize ring fatality when Tommy McCarthy met death in his bout with Owen Moran, the Englishman. Even the arrival of Jack Johnson and the excitement of personal sacking of the big negro failed to lift sporting fraternity out of its depression. There is a general feeling that the occurrence may have an effect on the fight game in California. Now practically at its last stage enthusiasts are recalling the dark spots of pugilistic history here. It was in San Francisco that Harry Tenney died from his bout with Frankie Neil four years ago. The blow that put McCarthy out Friday night was identical with the smash that caused the death of Jimmy Francis in his fight ten years ago. Later ring history holds the death of Ginger Williams, who was knocked through the ropes in a fight with Kid Kenneth at Coaling a few weeks ago. The coroner's inquest over McCarthy will be held May 5 and in the meantime Moran and others arrested in connection with the fight are out on bail. The affair has aroused the church and civic associations to renew opposition to the Jeffries-Johnson fight, and to present laws governing contests in this state.

Big Day in Lethbridge
Lethbridge, May 2.—The banks of the city have all agreed to close at twelve o'clock Wednesday and take in the opening game of the Western Canada League at the ball park, Edmonton vs. Lethbridge. The game will commence at 3 or 4:30; this will be announced definitely Monday.

The merchants of the city will in all probability follow the suit of the banks and take Wednesday afternoon off.

WILL BOX IN DEEP SECRET

Shades will be Hung over the Windows in Jeff's Gymnasium to Keep out the Rubber Neck.

Jeffries Training Camp, Rowandean, May 3.—A new feature is to be added within the next two or three days to the training routine of Jim Jeffries' preparation to fight Jack Johnson at Emeryville.

Secret boxing is to be a part of Jeff's programme and it will be engaged in for half an hour or more every two or three days. The big fellow will take only one sparring partner, and one man, probably Farmer Burns, to hold a spot watch on the rounds, and lock himself in the gym.

Shades will be hung over the windows and care will be taken that no inquisitive one climb to the roof, and peer through the target opening which has been made there to permit light and air to pour in. Then Jeff and his opponent entirely unharmed by the unavoidable distraction of spectators, will start up and pummel each other with a single hearted devotion to the business in hand.

Brandon Lost Game

Brandon, May 3.—Although the Brandon Angels played better ball according to the Freeport Journal, they lost to the Freeport team by 7 runs to 5. Morrow has released first baseman MacIntyre and secured instead Blues, first base from the Wisconsin league. The Angels will now play a series of three games with Madison, Wisconsin, and then come to Canada.

Nice Job for Jeff

Since Jim Jeffries started training he seems to have contracted and recovered from nearly every known disease except measles and croup. Even if he doesn't kill Johnson he'll be in a position to make a fortune writing testimonials for some patent medicine concern.—Toronto, Telegram.

LACROSSE BOYS HAD WORK-OUT

Large Turn-out at Last Evening's Practice—Prospects are Bright for a City League.

On the new grounds, McDougall avenue, the Edmonton Lacrosse Club had a first-rate practice last evening. There was a large turnout and with the material on hand, a fast team can be put in the field.

At a meeting of the executive it was decided to give the twenty sticks now on hand to the first twenty new members.

There is a chance that Strathcona may organize this year, and with another team in Edmonton we could have a city league.

Everybody who has ever played lacrosse, or is desirous of learning the game, is invited to join the Edmonton Lacrosse Club and turn out for practice on the grounds formerly occupied by Horner's rink.

ESKIMOS BEAT CRIST'S ROLLS

Deacon's Pets show the Fans of Calgary how Baseball Should be Played—Score was 9 to 3.

Calgary, May 2.—The Deacons defeated Crist's semi-pros, by a score of nine to three this evening. The exhibition could scarcely be called a game of baseball, as the Deacons did almost what they pleased with the Calgary boys who made a very poor showing. Both Crist and Weir worked in the box for Calgary but were unable to prevent the visitors hitting at will.

During the game Deacon used Dell, Samuels and Barnstead in the box. Schultz played second, but retired from the game after the third inning. Brennan took his place and Mills came in from the field to play third.

The Deacons played stellar ball throughout, having but two errors recorded against them and taking all kinds of chances both in the air and on the ground, and making good nearly every time. All the old players who are known to the Calgary fans received a hearty welcome, particularly Baxter and Barnstead. Dell also seemed to make a hit.

Mills, the leading batter of the Eskimos, made two singles and two sacks, and Lassi made a three-base hit.

The score—
R. H. E.
Edmonton 311 400 0-9 10
Calgary 102 200 0-3 7 5
Batteries—Weir, Crist and Gausche; Dell, Samuels, Barnstead and Willard.

SINCE JEFF GAVE UP TITLE

History of the Heavy-Weight Class—Jack Root and Marvin Hart Fought at Reno.

The history of the heavy-weight championship title has changed hands since Jeffries gave it up because he could find no one who cared to face him, it is interesting at this time. Jeff, the undefeated champion of the world after knocking out Jack Monroe, in San Francisco, August 26, 1903, in four rounds.

Jack Root and Marvin Hart met in a final fight for the vacant title in Reno, Nev., July 3, 1905. Hart winning the battle on a knockout in the twelfth round. Hart on January 15, following, put away Pat Callahan in Butte, Mont., in two rounds. He forfeited claim to the title when he was bested in a twenty-round decision fight February 2, 1906.

Burns won a number of unimportant fights before he gained a decision over Jack O'Brien, in Los Angeles, November 28, 1907. He next put away Bill Squires, of Australia, in one round on July 4, in Colma, Cal.

Burns then went to Europe, where he knocked out in succession Gamgee, Moir, Loom, Dec, 2, ten rounds; Jack Palmer, London, February 11, 1908, four rounds; Jim Roche, Dublin, March 17, 1908, one round; Jewey Smith, Paris, April 18, 1908, five rounds; and Bill Spines, Paris, June 13, 1908, eight rounds.

Having disposed of Hart, who claimed the American title; Gunner Mohr, the claimant of the English championship; Squires, champion of Australia, and Jim Roche, champion of Ireland, Burns was at last hailed as champion.

From France Burns travelled to Australia. He disposed of Bill Squires for the third time in Sydney, Aug. 26, 1908. Burns then put away Bill Lang in Melbourne September 6, 1908, in six rounds.

Then came his battle with Jack Johnson. Johnson won a knockout, or, to be more exact, won through police interference, the police jumping into the ring to save Burns from further punishment when what appeared to be a complete knockout.

Ritcher, Higginbotham and Shreck, Sitcher and Arbogast; umpires, Casack and Guthrie.

TO-MORROW IS FATEFUL DAY

Opening of the Western Canada League Season—Deacon Expects to Break even on the Road.

Tomorrow is the day that the fans in "the eight cities comprising the Western Canada League have been waiting for, since many moons. For it is not Wednesday, May 3, the opening day of this little circuit? Tonight all is hope around the circuit and everybody can seek the downy with the fond hopes that their pets will start the season with a victory. Tomorrow night all will be different. In four cities the fans will stop each other on the street and say, "That is a fine bunch that Manager So and So has gathered together this season," while in the remaining cities the dead-in-the-wood lugs will sneak quietly home and spend a restless evening in the house. Well, here's hoping that Edmontonians will not figure in the latter class.

Though the Eskimos are not yet at full strength, Manager Deacon White is confident that they will put up a stiff argument, and stated to the Capital before he left for Calgary that he would be very much surprised if the Eskimos did not win well over half their games on this trip. Edmonton goes up against the three strongest teams in the league at Calgary, Lethbridge and Medicine Hat. So these first games will enable the local fans to dope out just how the Eskimos stack up with the clubs that have received such glowing press notices.

The games scheduled for tomorrow are:
Edmonton at Lethbridge.
Calgary at Medicine Hat.
Winning at Regina.
Brandon at Moose Jaw.

The probable line-up of the Eskimos for the first game will be: Pitcher, Grady; catcher, Willard, 1b, Baxter; 2b, White; 3b, Brennan; 4b, Morse; left field, Mills; centre, Olsen; right, Lussi. Deacon figures that Grady is the farthest ahead of the pitchers.

President Eckstrom has not yet announced where the different umpires will work.

RUBBER GLOVE FOR PITCHING

Mordecai Brown has a new Curve Which Takes the Skin off his Hand—Hence the Hit.

Chicago, May 3.—Mordecai Brown is the only member of the Cubs who could really enjoy pitching a game of baseball in a sweater. In fact he is the only "wrecker" in the major leagues who is equipped for such service. Brown says that he is working on a new curve, and that practicing on his new deceiver has just put him right for a battle in a blizzard or in a rainstorm. He went away whether his invention is a dry twister or of the spit ball variety, but he admits that he wears a thin rubber glove on his throwing hand when practicing the stunt.

"That rubber glove is just the thing for wet or cold weather pitching," said Brown in confiding tones, to a bunch of rabid West Side fans. "It keeps my hands warm and dry, so that if I find it necessary to rely on a fast one, I can just yank off the glove and fire away."

"But the chief reason for wearing it is that the new curve I am working on brings the ball in contact with portions of my hand which have never before been used in pitching, and which, therefore, are quite tender. Still I find I can get a much better grip on the ball for all curves, so that I may use it whenever the ground is wet enough to make the ball slippery."

Brown's audience was greatly impressed with this confidential bit of inside information and as a result the three-legged twister will be watched closely from now on.

"Bugs" Raymond Quits

New York, May 3.—"Bugs" Raymond, who between drinks, used to pitch ball for the New York Giants, quit the team today. The ever-thirsty "Bugs" had another run in with Manager McGraw, who insisted that "Bugs" was drawing a fat salary, he quit at least dry out once a week and be in form.

Big Fight in Danger.

Chicago, May 3.—Jack Johnson has telegraphed a close friend here from San Francisco telling him not to bet any money on the big fight until he is further advised. The telegram also stated that the death of Tommy McCarthy had given the church people who are opposed to the independence day contest ammunition for their struggle against the big fight. Several thousand dollars are being held by sporting men in the colored belt to bet on Johnson and the men who have his money say they will have more before July 4th. Many bets have already been laid. The negroes getting as good as to 6 for their money.

MANY PLANS
FOR REFORMIndiana Democrats in Convention
Draw up Platform.

ALDRICH TARIFF DENOUNCED

Pensions, Income Tax, Conservation of
Resources and Local Option are
Favored.

Indianapolis, Ind., May 3.—The platform adopted by the Indiana Democratic state convention is as follows:

"Democracy is a conservation of property. It defies alike both paternalism and communism. Its theory is that government is best which governs least. It is the friend of both labor and capital. It adds to the rewards of human endeavor by giving equal opportunities to all and special privileges to none. Democracy fixes no limits to honest accumulation of capital, but it denies that wealth and cunning, leagued together, may fully concentrate into a few hands the fruits of the productive energy of the world.

Denounces Aldrich's Tariff. "We denounce the Payne-Aldrich tariff act as a masterpiece of injustice, involving remorseless exactions from the many to enrich the few, through the trusts and monopolies which it fosters. Tariff taxation, like other taxation, should be for public purposes only, and not for private profit; and should be so levied as not to discriminate against any section, class, industry or occupation, and limited to the actual necessities of the government, economically administered.

"We condemn the cowardice of the Republican party in Indiana in failing to meet the issues in a fair and manly way; in that its endeavor to gain Democratic votes it has on the tariff question one proposition in its state platform and different and opposing propositions in its congressional platform; that by indorsement it commands President Taft, who approved the Payne-Aldrich tariff law, and in the same resolutions commands Senator Beveridge, who voted against the same measure, for his course in opposition such tariff law.

President Taft has indorsed Cannon and Aldrich. We submit to the people whether relief may be expected from a party standing for Taft, Cannon, Aldrich, and Beveridge all at the same time.

For Pensions and Income Tax. "We favor the immediate enactment of a pension law by congress providing for a pension of not less than one dollar a day for all union veterans of the civil war.

"We most heartily favor the ratification of the proposed amendment to the constitution of the United States authorizing congress to levy an income tax.

"We are opposed to all subsidies by the government, and we especially

condemn the present ship subsidy bill.

"We are opposed to the indiscriminate use of the power of injunction by the courts without notice to the defendants, and we demand that the right of trial by jury, in proceedings arising out of indirect contempt of such injunctions, shall not be denied to a defendant in such cases.

"We condemn the extravagant administration of the affairs of the nation by the Republican party.

Favors Conservation of Resources.

"We favor the conservation of our natural resources, and demand the withdrawal from entry of our forests, timber, coal and iron lands and water power sites. The Republican course of favoritism and the concentration of fraud in the hands of such matters have become a national scandal. The remnants of our resources should be preserved in the government for the benefit of the people, and only opened again for entry under such restrictions as will protect the public. We favor the improvement of interior waterways and urge appropriations for such purposes.

"We are in favor of strengthening of the laws of our state with reference to child labor and the sanitary condition of work places.

Expounds Local Option Cause.

"The Democratic party always has advocated the largest measure of liberty to the individual citizen consistent with the public good. It still recognizes and believes in the old Democratic principle of local self-government. We recognize the right of the people of the state to settle the question as to whether intoxicating liquor shall be sold in their respective communities, and to that end we favor the amendment and modification of the present local option law so as to make incorporated cities, townships, and territory in townships outside of such cities the units of election; but such amendment and modification shall be so drawn as to preserve the remonstrance laws of the state; provided, that territory voted dry under the present option law shall remain dry for two years from the date of such election.

"We favor an amendment to the constitution of the United States providing for the election of United States senators by direct vote of the people." "The platform hereby adopted by the United States Senator B. F. Shively and the Indiana representatives in congress, and the administration of the affairs of the state by Gov. Marshall.

IN OLD BILLS TO CANADA

(Continued from Page 1.)

able and wanted to know if he could get an option on the shares of those holding Athabasca syndicate stock. They came to Winnipeg and he introduced him to those holding shares, Woodman and Emmerson. The last he saw of Parker was in St. Paul last Sunday.

Syndicate Dissatisfied. As far as Faulkner knew all the original members of the syndicate are all members yet, with the exception of himself.

The telegram from Minty to Clarke of Nov. 30, 1908, did not convey anything to the mind of the witness. The telegram said: "Syndicate thought your propositions built. Became suspicious of being overreached. Otherwise favorably inclined. Ignorant of facts. Silence guaranteed by bonus stock."

"The syndicate," said Faulkner, "believed we had sold out under misrepresentation. We were given distinctly to understand that it was impossible to obtain assistance from the government, and in order to save money put into it we thought we had better sell."

"Who gave you to understand that?" "Minty."

"On November 30, 1908, you didn't know that the Alberta and Great Waterways had obtained assistance from the government?"

"No. We were given to understand that it was impossible to obtain any concessions."

Could Not Recollect.

Mr. Bennett tried to get out of Faulkner what distribution Cornwall was to make of his \$54,000 stock.

"Well, recollect," shouted Bennett. Faulkner was subjected to keen cross-examination. He stuck to it that in writing the letter saying that men of "political weight" were to be secured, he was using language too strong.

"Cornwall tried to 'hog' \$54,000 stock," added Faulkner. Later he said "Cornwall held us up for this stock."

"Our syndicate would not countenance political graft," interposed Faulkner.

"Perish the thought," added Bennett.

\$10,000 in Old Bills. "Did you ever hear that Clarke ever paid money for political purposes or contemplated doing so?" asked Bennett.

Faulkner after long hesitation said that once he met Clarke in the fall of 1909 in St. Paul when his partner, Mr. Newton, arranged for the Capital National Bank for Clarke to get a large sum in currency.

"Do you remember the amount?" He thought about \$10,000.

"Did you learn the class of bills?" "I think they were."

His partner told him that he assumed he wanted old bills so they could not be traced.

Mr. Bennett asked for Newton's address and intimated that he will be called upon to testify.

F. J. Nolan cross-examined Faulkner.

The witness saw "Cushing" in Winnipeg two or three days ago. Cushing explained his attitude and said if the C.N.R. had had the contract it would soon be built.

Q. M. Bigger also examined the witness. He met Boyle in Edmonton and as the railroad was to pass through his constituency his assistance was secured to obtain aid from the government. Boyle had no other interest and was rather independent.

May Appeal to Courts.

In the course of the examination of Mr. Minty yesterday afternoon, Mr. Walsh intimated that he might apply to the Manitoba courts for an order compelling the witness to answer certain questions. Mr. Justice Scott refused to make a ruling, saying that the Commission did not wish to make an order that it could not enforce.

Mr. Minty's examination was concluded late in the afternoon and the most interesting feature of his conclusion was the production of three telegrams which passed between Mr. Minty and Cornwall in 1908 which showed that there had been differences of opinion and mutual suspicions between the Athabasca Syndicate at that time.

"Can you tell us," asked Mr. Walsh in conclusion, "any one in all Canada who can give us authoritative information on the construction company?"

"I decline to answer on privilege," replied Mr. Minty.

In answer to Mr. Bennett's questions, Mr. Minty said that he knew nothing of a syndicate having been formed for the flotation of the bond issue. He was quite sure that the Morgans had not given any financial assistance towards the surveys before the bonds were sold. Mr. Minty refused to answer any questions in regard to J. D. McArthur on the ground that that affected the construction company.

W. A. Faulkner Called.

W. A. Faulkner was the next witness. He said that in company with Mr. J. R. Boyle he had visited Edmonton in December, 1906, and January, 1907, to get government assistance for the proposed Athabasca railway. Mr. Cornwall had asked to have that end left to him, as policies was his business. Later Cornwall had told him that he would have to divide \$54,000 stock in the syndicate among the political parties to get their assistance. He could remember none of the names. He had asked for a guarantee of \$13,000 a mile, basing his estimate on his knowledge as a bookkeeper for McKenzie and Mann and upon the knowledge of the country gained from Cornwall.

"I understood Mr. J. R. Boyle was assisting Mr. Cornwall," replied Faulkner.

"Who was referred to as political parties?"

"He was one of them."

"Did Mr. Cornwall tell that Mr. Boyle was interested in the \$54,000 stock to be divided?"

"No. He said that he was interested merely in the development of the country."

"Did Mr. Cornwall tell you he had approached the political parties among whom \$54,000 stock was to be divided or would approach them?"

"He did not say which."

Mr. Faulkner told of meeting with Messrs. McDougall, Garsy, Morris and others to get their assistance and of their failure to come in.

"Then," asked Mr. Johnston, "you desired to get most of the political weight, to use the expression in one of your letters?"

"Mr. Cornwall told me if he got the balance of the stock in the syndicate he might use it to advantage."

A letter from Mr. Faulkner to Mr. Davidson in Toronto said he had secured "people of political influence."

"Who were these?" asked Mr. Johnston.

"I understood Mr. J. R. Boyle was assisting Mr. Cornwall," replied Faulkner.

"Who was referred to as political parties?"

"He was one of them."

"Did Mr. Cornwall tell that Mr. Boyle was interested in the \$54,000 stock to be divided?"

Placer Gold in Ontario

Cobalt, Ont., May 3.—Placer gold is said, has been found in McLeod Township, near Munro, and prospectors have left for the district. Large sandbars stretch across the township, it is said, and men who are always ready to take a chance are investigating.

Silver for England

St. Catharines, Ont., May 3.—Another shipment of solid silver, from the Thorold smelter weighing over four tons was made here last week to England via Montreal. It goes by express.

Inauguration of Fast Passenger Steamer Service Between Montreal, Quebec & Bristol

"ROYAL EDWARD" AND "ROYAL GEORGE" Six Passenger Decks with Elevator Service No Vibration Superior First, Second and Third Class Accommodations

TENDERS addressed to the undersigned will be received up to noon Thursday, May 5th, 1910, for the privilege of advertising for three years in the regular advertising space of all cars on the Edmonton Street Railway. Tenders to state annual price per copy monthly in advance. The lowest or any tender not necessary accepted.

City Commissioners.

WHAT OTHER CITIES GIVE

(Continued from Page One)

ranging in between.

Besides these amounts for sites and buildings, all of them have contributed considerable sums in the shape of an annual grant. This runs from 25 cents per day to 75 cents per day for city patients. It costs Cleveland \$100,000 per year for city patients alone. Other cities in some cases give a straight grant, but in nearly every case the city council has representation on the hospital board.

So far Edmonton has given nothing to the proposed new public hospital, except the \$50,000 granted last year. The hospital board is now asking for an amount ranging from \$175,000 to \$200,000 and if the council follows the good example of other places, it is quite probable that it will decide tonight to put the question of giving the grant to the hospital to the people in the form of a money bill.

FRAUD SUSPECTED IN MAN'S SUICIDE

Insurance Companies Believe That Death was Intended to get Money From Them

Chicago, May 3.—An attempt to perpetrate a gigantic fraud by suicide is feared by five of the biggest insurance companies in the United States. They started an investigation today into the mysterious death Monday night of Joseph Deimel, head of the National Parlor Furniture Company. Deimel was killed by a Rock Island train at 7 p.m. at Blue Island as he attempted to board it to return to Chicago. He lived a few minutes after being struck, but died without making any ante-mortem statement.

Deimel was reported to be worth \$500,000 and had taken out insurance on his life amounting to more than \$200,000 within the last few months.

The insurance officials suspect that he committed suicide and have decided to withhold payment of the policies on his life until an inquiry can be made.

On Tuesday a coroner's inquest was held in the case and a verdict was returned that Deimel had died of shock following a railway accident.

Despite the decision of the coroner's jury, the insurance companies say that they have evidence that did not come to the attention of the coroner.

His friends say that they know of no financial difficulties he had and that he could have no cause for suicide.

Labor Party Organizes

Winnipeg, May 3.—The labor element of the city has issued a call to all workers, organized and unorganized, not connected with the dominant political parties to attend a mass meeting called by the trades council convention committee, which will recommend that at least two of the Winnipeg seats be contested at the next provincial election. Candidates will probably be chosen at the meeting.

FORTUNE FOR A BLOW

Man Left \$100,000 to Youth who Protected Him.

Connellsville, Pa., May 3.—Lawrence E. Mayhorn, who is to get a fortune of \$100,000 from John A. Serile of 197 Eighth-ninth street, Chicago, came down from his mountain home today, and tomorrow will leave for the west, in response to a letter from Serile, who is on his death-bed.

On Labor Day eight years ago in Pittsburgh Mayhorn struck down and turned over to the police a drunken man who was attacking Serile with a knife. Mayhorn disappeared in the crowd. For eight years Serile tried to find the man who came to his rescue.

Last week Mayhorn was discovered on a little farm in the mountains eight miles east of Connellsville. He recalled the incident of eight years ago but had never given it a thought after the day of its occurrence.

Today Mayhorn in boots and storm coat started for Chicago. He stopped off here to visit his wife, who is in the hospital. He will break the news of the fortune that has come to him tonight and leave for Chicago tomorrow. Mayhorn bears his good fortune modestly. Asked what he intended to do with so much money, he said:

"The first thing I intend to do with my money is to buy the farm from William Anderson of Duabur on which my father, mother and brother live. They rent it. Then I am going to buy the farm from the James Lambric estate which I now work. I may go to spend the rest of my days in Ohio. That is what I have always wanted to do and this money will let me carry out my plans."

Big Deal in Vancouver

Vancouver, B. C., May 3.—The National Finance Company has purchased three thousand feet of water front at Port Moody from J. S. Emerson, and Rasko and Wm. Whigham for five hundred and eighty thousand dollars, one of the largest realty deals ever put through here. Two years ago the property changed hands at one sixth the price now paid.

World's Greatest Warship

London, May 3.—The keel of the battleship "Princess Royal," the largest warship of any navy in the world, was launched at Harland & Wolff yesterday. The vessel will have 20,000 tons displacement and will be 700 feet long.

Picture Theatre Collapsed

New York, May 3.—Fifteen persons were hurt by the collapse of the floor of a moving picture theatre lobby at 134 Essex Street last night. The collapse was followed by a scuffle among the 250 persons in the lobby of the theatre to get out. Employees of the house closed the front door and opened a rear exit so that those in the theatre didn't rush into the hole made by the falling of the floor.

Manitoba Telephone Rates

Winnipeg, May 3.—The Manitoba government is preparing, it is said, to make a reduction in telephone rates in anticipation of elections. On streets between Deer Lodge and the city limits the government is now charging \$75 a year. Applicants during the last few days have been told they can get phones for \$50 a year, if they wait a month for \$40 a year.

Expect Record Crops

Spokane, Wash., May 3.—Officers of the state horticultural associations and commercial organizations in Washington, Oregon, Idaho and Montana say in reports to the Spokane chamber of commerce there is every indication that the largest and most profitable crop in the history of the four states. Private advice from growers in the province of British Columbia are that the outlook is good for apples and other fruits. There is danger of a late freeze, but should the unexpected happen the owners of commercial tracts are ready to do battle with hundreds of thousands of smudge pots or orchard heaters. It is predicted that higher prices will prevail as a result of the heavy damage to the fruit crop in the middle western states.

Cornwall Fire Victims

Cornwall, Ont., May 3.—At a late hour last night, portions of the remains of the bodies recovered from the ruins of the Rosemore hotel, what is believed to be the body of C. C. Gray's son, Robert Harold Gray, have been dug out. This leaves the bodies of but two people in the debris.

MANY SLAIN IN UPRISING

Albanian Insurgents Capture and Sack Turkish City.

CHRISTIANS ARE MASSACRED

Government Forces are on the Ground in Strength and Hope to Force Tribesmen Back.

Constantinople, May 3.—The town of Khabuljevatz has been sacked by Albanian insurgents and women and children put to the sword along with the men, according to a report which reached here yesterday.

The town fell after a stubborn defence and no quarter was given by the victors, who subjected the inhabitants in the retreats and in their homes. The Albanians are reported to be strengthening the town defence. A heavy Turkish force has been ordered to re-take it. The fighting between Turks and Albanians has been turned into a holy war. The Turks angered at the Christians for assistance given the rebels, have attacked them at every opportunity.

Scores of Christians are being massacred or tortured. The fighting is accompanied by all the horrors of religious hatred. It is feared that hundreds will be slain by the troops before their fury is appeased. Fierce fighting continues in the mountains to the west of the town, where the rebels are being driven back.

The rebel regiments have made sorties against the Kachamak Pass in an attempt to prevent the Turks from taking supplies and troops to the plains of the Kachamak. The Turkish troops, which dislodged the rebels from the pass, had greatly strengthened their position and it is likely that the government army is ready to force the fighting and drive the rebels into the remote hill districts, where they will be comparatively harmless.

MILLIONAIRE DEAD, WAS ONCE A TRAMP

William Hussey, After Rough Life, Made a Fortune in Nova Scotia Coal Mine.

Boston, May 3.—William Penn Hussey, who rose from a tramp to a millionaire, died last night at his home in Danvers, aged 63.

Hussey ran away from his home in North Herwick, Me., because he was spooked for pranks that he and other boys played.

He was a tramp for several years, and when 18 went to California and knocked about the mines. On the Pacific coast he got a place as keeper in a penitentiary, where he won praise by breaking up a plan of the prisoners to escape.

In 1872 he came east but in a short time he went to Kansas, where for several years he roughed it on the plains.

Returning east he went to Denver, where he got employment in a grist mill and in 1895 some one told him of a chance for investment in a coal mine in Nova Scotia. He went there and bought the property for \$5,000, borrowing the money. He formed a stock company, went to London and Liverpool and closed a deal whereby he sold the mine outright and reaped a profit of \$2,500,000. On returning to Denver he built a palatial residence, which he called Riverbank, and where he lived luxuriously.

He married the only daughter of W. H. Munroe, a rich man of Martha's Vineyard.

Alaska Engineer Killed

Paris, May 3.—Samuel Hale, an Alaskan mining engineer, met with a tragic death last night. Mr. Hale was a passenger on an express bound from Paris for Calais, and was asleep during the journey until the train was near Amiens. Then he awoke and walked toward the washroom.

By mistake, however, he opened the exit door of the car and plunged out upon the ground. He was dead when picked up. Mr. Hale's wife, who was accompanying him, returned to Paris with the body.

Looking for Fresh Fields

Seattle, May 3.—Johnnie Poe, who came marching home from Central America last fall as a Nicaragua gangster, who prior to this acquired rank of captain in the Honduras army, and who before his career in comic opera warfare was a football star of national fame, will leave for Alaska Sunday morning on the steamer Jefferson in quest of new adventures.

Calgary Sees the Comet
Calgary, May 3.—Halley's comet was seen by City Engineer Child this morning with the naked eye.

MYSTERY SURROUNDS THEFT

Valuable Jewels Were Stolen at the Drexel-Gould Wedding.

New York, May 3.—Thousands of dollars worth of stolen diamonds and a rare Hungarian opal are being hunted for high and low today by some of the most discreet members of the municipal detective force on orders from headquarters to recover the gems at any cost, but to keep the facts about the robbery secret.

When and where the jewels were stolen is not publicly known, but although the police have succeeded in "keeping" these facts as well as the name of the owner of the lost jewels, it is generally understood that the social position of the woman who was robbed is of the highest in this country and in Europe and that she was one of the most prominent in the higher and more exclusive circles which formed a part of the Drexel-Gould wedding.

MANY ENQUIRING ABOUT EDMONTON

The Board of Trade Has Enquiries Even From Far Off Australia

The advertising campaign instituted by the Board of Trade some two months ago, is now starting to bear fruit. Secretary Fisher told the Capital this morning that he is receiving numbers of letters every day now, asking for information as to the country around Edmonton. These letters are from all over the world, the most of them being from England, the United States and Eastern Canada. One letter was from away-off in Australia.

"Of course it does not necessarily follow that we will be able to get all these people to come to Edmonton or the country just around it," said Mr. Fisher. "But we are sending the information that is asked for, and even if only a few of those that write eventually come here, we will feel that our advertising has been of some real good."

Pneumonia in Calgary

Calgary, May 3.—There is an epidemic of pneumonia abroad in the city. The rapidly changing weather conditions of the past few weeks is supposed to have been the cause of it. At the general hospital there are now nine cases of pneumonia, which is three times as many as there were of the same kind at this time last year, and at the Holy Cross hospital there are also several cases.

Want Woman in Cabinet

Abilene, Kas., May 3.—Resolutions declaring for a department in the federal cabinet devoted to the welfare of women and children and presided over by a woman, were adopted by the state federation of women's clubs here.

Canvassers Are Excluded

Ottawa, May 3.—The parliament buildings as a happy hunting ground for subscription collectors, or persons who could be classed in that category, is no more. Following the election of a colored preacher from the lobbies of the house a few days ago, the committee on internal economy of the house has made a new rule which absolutely excludes all such persons.

Demands Maximum Penalty

Venice, May 3.—On the resumption of the trial of the Countess Tarnowski, Dr. Naumoff, lawyer Priloff and the countess' maid, Elise Perrier, for the murder of Count Komarski, the prosecutor specified the punishments he wanted. He demanded the maximum punishment, which is life imprisonment for the countess, Naumoff and Priloff, and ten years' imprisonment for the maid. Priloff turned ghastly pale. The others were apparently unmoved.

Employees Accept Terms

Ottawa, Ont., May 3.—Employees of the electric railway company have decided to accept the terms offered by the company in reply to their demand for a flat rate of 25 cents and a "hundred-hour" day. The agreement, which went into force this morning, was as follows: For first year of service men to receive 19 cents an hour. For second year 20 cents. After second year and over, 22 cents will be paid. On Sundays two cents an hour more will be paid in each case.

Farmer Killed by Lightning

Chatham, Ont., May 3.—John Steen, a prominent farmer, was struck and instantly killed yesterday by lightning while gathering a flock of geese into the barn.

FOR RENT—TWO ROOM

THE PORT OF MISSING MEN

By MEREDITH NICHOLSON,
Author of "The House of a Thousand Candles"

COPYRIGHT, 1907, BY THE DORRIS-MERRILL COMPANY

"Good morning," said Oscar, saluting. "You are prompt, sergeant." And Armitage's cheeks flushed with him. As the train roared on through the valley Armitage opened one of the suit cases and took out a pair of leather leggings, which he strapped on. Then Oscar tied the cases together with rope and hung them across his saddle horn. "The place—what of it?" asked Armitage. "There may be horses. I have not decided."

Armitage laughed aloud. "It is as good as that?"

"The men was busy tightening the saddle girths, and he was listening Armitage's further questions with soldierly brevity."

"You have been here?"

"Two weeks, sir."

"And nothing has happened? It is a good report."

"It is good for the most part to stand on mountains and look at the world. You will like that animal—yes. He is lighter than a cavalry horse. Mine, you will notice, is a little heavier."

"Then if there is something between you?" began Claborn, the doubt now clearly dominant.

"There is undoubtedly a great deal between us, and there will be more before we reach the end."

Dick Claborn was a perfectly frank, outgoing fellow, and this hint of mystery by a man whose character had just been boldly assailed angered him.

"Good God, man! I know as much about Chauvenet as I do about you. This thing is ugly, as you must see. I don't like it, I tell you. You've got to be more than a circumstantial story like that by a fellow whose standing here is as good as yours. If you don't offer some better explanation of this by tomorrow night I shall have to ask you to cut my acquaintance and the acquaintance of my family."

Armitage's face was grave, but he smiled as he took his hat and stick.

"I shall not be able to satisfy you of my respectability by a mere word."

"Then you must take the trouble."

"In my own time you shall be quite satisfied."

He went among the men and told Claborn's party when they got into their carriage to go to the ball. He went, in fact, to the telephone office to send a message to Oscar in Lamar, Va., giving notice of his coming.

Then he returned to the New American and packed his belongings.

He found Oscar, with two horses, waiting outside showing white on the air. The far rear wheel of the train came back more and more faintly, and when it had quite ceased Armitage sighed, pushed his soft felt hat from his forehead and settled himself more firmly in his saddle. The keen air was as stimulating as wine, and he put his horse to the gallop and rode ahead to strike up his blood.

"It is good," said the stolid cavalryman as Armitage wheeled again into line with him.

"Yes, it is good," repeated Armitage. A peace descended upon him that he had not known in many days. The light grew as the sun rose higher, bluing upon them like a broken target through deep cliffs in the mountains. The morning mists retreated before them to further ridges and peaks, and the beautiful gray-blue of the Virginia hills delighted Armitage's eyes. The region was very wild, here and there from some mountain's cabin a light penciling of smoke stole upward.

"They once passed a boy driving a yoke of oxen. After several miles of road, that had hung midway of the rough hill, dipped down sharply, and they came out into a broad valley, where there were tents, postholes and inn contentment with a blacksmith shop and a country store, postholes and inn contentment with a blacksmith shop and a country store, postholes and inn contentment with a blacksmith shop and a country store."

"A country store, postholes and inn contentment with a blacksmith shop and a country store, postholes and inn contentment with a blacksmith shop and a country store."

"This is Lamar posthole," announced Oscar. "There must be some mail here for me," said Armitage.

Oscar handed him several long envelopes—they bore the name of the Bronx Loan and Trust company, whose

branches were in New York, and he opened one of them and read a letter from his mother, which he handed to Claborn, who was waiting for him.

"You keep in touch with the world, do you, Oscar?" It is commendable. "I take a Washington paper. It relieves the monotony, and I can see where the regiments are moving and whether my old regiment is out of the hospital and what happened to my lieutenant in his court martial about the war accounts. One must observe the world—yes. At the postoffice back there—he jerked his head to indicate—it is against the law to sell whisky in the red nose and small yellow eyes keeps it in a brown jug in the back room."

"To be sure," laughed Armitage. "I hope it is a good article."

"It is like it," replied Oscar. "His brother makes it up in the hills, and it is as strong as wood."

"Moonshine! I have heard of it. We must have some for rainy days."

"It was a new world to John Armitage, and his light was as light as the morning air as he followed Oscar along the ruddy mountain road. He was in Virginia, and somewhere on the hill side, perhaps in some valley like the one through which he rode, Shirley Claborn had gazed upon blue distances with rising and falling ridges, and dark pine covered slopes like these he saw for the first time. He had left his affairs in Washington in a sorry mood, but he had faced the new day with a buoyant spirit and did not trouble himself to look very far ahead. He had a long ride before him, and he had a long ride before him, and he had a long ride before him."

"The road within followed the rough contour of the hills, and it will turn"

BIG ISSUES TO BE MET

Present is Crucial Time in South African Federation.

FORMING FIRST GOVERNMENT

Sir Percy Fitzpatrick Considers that all the Great Leaders Should be Included.

Capetown, May 3.—On the question of the inclusion of all the political leaders in the first Union Ministry, and the formation of a non-party government in the new South African Federation, Sir Percy Fitzpatrick writes a remarkable letter in which he shows that:

It is the people of South Africa—present and to come—who will have to pay the whole price for any mistake that may be made in connection with the constitution of the first Union Ministry. It is true that at the first election—about September next—there will come to them an opportunity to express their opinion by vote, and that then they can, and will, punish a mistake. But they will not be able to repair it. Much of the possible mischief will have been done, and old wounds will have been ruthlessly torn open—no healing agency who knows when? Who, again, can measure the effect of the shock throughout South Africa and beyond if after achieving our Union to the wonder and admiration of the whole civilized world; if after an exhibition of forbearance and patriotism, that should be for ever an inspiration to us, we slump to a lower level—far, far lower—than that from which we rose. Is it to be expected, is it to be believed, that the men who took part in the convention while in a travelling show, while in their summer clothes, scramble to the ticket office to divide the takings? Better that this was done by other national builders. Better is expected of us.

The issue in Practice

Even more valuable is Sir Percy Fitzpatrick's letter in his clear and detailed examination of the duties and powers of the first Union Ministry.

The list given below (he says) comprise some of the more important matters with which the first ministry will have power to deal before the first parliament is elected. In some of them irrevocable action will have to be taken; in others arrangements may be of a provisional nature; but in all there will have to be some action taken which will, to a large extent, compromise the country.

1. The appointment of the administrators of the four provinces. These will be the link between the central government and the provinces. The province are the experiment of the constitution, and that experiment has a small chance of being successful unless the administrators command the confidence of the provinces. "The mere fact that the appointment was made by one political party would handicap the best of men with prejudice and suspicion."

2. The position of the judges and magistrates.

3. The appointment of attorneys-general for the four provinces. (Permanent non-political officials, who are to be no official chief and will be, in criminal matters, the final authority.)

4. The appointment of permanent heads of the great departments.

5. The appointment of the public service commissioners for the reorganization and readjustment of the departments of the public service, and the arrangements regarding seniority or precedence, pay, and promotion in the civil service, police, defence forces and volunteers.

6. The financial and administrative arrangements between the provincial councils and the union government.

7. Commotions to secure uniformity in taxation and legislation (as far as need be) in the various provinces.

8. The appointment of the chief native affairs officials.

9. The appointment of the railways commissioners.

10. The nomination of eight senators.

People Favor Party Cabinet

That is a formidable thought by no means unshared by the public opinion in Sir Percy's letter goes very far to establish the necessity for a non-party administration at the beginning of Union. Yet the letter has evoked strangely little public response and the success of those who advocate a party ministry seems almost certain. But again, it must be said that the balance of reason and expediency lies with those who would rescue the early days of Union from the reproach of party strife; and it is easy to imagine the future generation in South Africa, reading Sir Percy

HUGE FRAUD IS ALLEGED

Investors Bring Action to Recover About \$80,000,000.

PLAINTIFFS IN ASSOCIATION

Defendants are the United Smelters, Railway and Copper Company and Promoters.

Cheyenne, Wyo., May 3.—The Wyoming Investors Association have filed suit in the United States Court here against the United Smelters to recover sums aggregating \$80,000,000 alleged to have been obtained through fraudulent methods.

The plaintiff company is composed of hundreds of stockholders who purchased stocks and bonds of the United Smelters, Railway and Copper Company and twelve auxiliary companies which were organized, heavily capitalized, then transferred or sold out, it is alleged, without the stockholders receiving any benefits.

The main complaint is directed against J. L. Pennock and A. L. Hawes, Pennsylvania bankers; W. H. Cobb, of Pittsburgh, and Chicago, F. H. Draper, a Chicago attorney, and E. A. Norion, formerly a Texas cowboy.

In 1898 Willis George Emerson established the town of Gran Encampment in Southern Wyoming, purchased the Ferris-Haggerty copper mine at Battle Lake, organizing a company that built a smelter at Encampment and a sixteen mile aerial railway connecting the mine and smelter, the properties having a value of about two millions.

Calgary Talks of Tunnel

Calgary, May 3.—A tunnel 600 feet long and costing perhaps \$50,000 is suggested by Railway Superintendent McCaskey as a means of furnishing rapid communication between the heart of the city and the many people already residing on the plateau north of the Bow river. His scheme would enable the people on the hill to reach their work in the city ten or fifteen minutes quicker than if they were obliged to take the roundabout routes by way of the Langtry or Louise bridges as now proposed, which in itself a sufficient indication of the desirability of the plan.

Fernie Assessment Grows

Fernie, May 2.—As an evidence of the growth of the city it may be noted that the assessment roll is \$157,000 more this year than last. Six important money-bylaws are to be voted on May 5 looking to the expenditure of \$13,000 for municipal improvements.

About Town

The funeral of the late Albert B. Johnson, who died on Monday morning from tuberculosis, will be held Wednesday afternoon.

The Bon Marche, corner of Jasper and Second St., is now open. All the ladies of Edmonton are requested to call and inspect our most up-to-date stock.

A. C. Potter, C. E., will give a lecture before the Edmonton Engineering Society on Friday evening on the subject, "The Interrelation Between Sewerage and Water Supply Systems."

The monthly report of Chief of Police Lacey shows that during April there were 132 cases tried under the criminal code, with 89 convictions, and 109 cases under the city bylaws with 76 convictions. The following amounts were paid to the city treasurer: Fines, \$488; licenses, \$341; and dock taxes, \$169. Lost and stolen property to the value of \$254.15 was recovered and returned to the owners.

In the Supreme Court this morning before Chief Justice Sifton, there were nineteen cases on the preliminary list, some of which have been privately settled, the remainder are not yet ready for a hearing. The court will sit again this afternoon at 2 o'clock, when the cases will be taken in the following order: Stanton vs. Kelley, Krassus vs. Kelley, Woods vs. C. N. R., Roseborough vs. C. N. R., Martel vs. Pepin, Evin vs. Mackney, McDonald vs. Creamer, Fairchild vs. Elmisle, Church of England vs. T. Walker, Evans vs. City of Edmonton.

Personal

Mrs. E. A. Jackson, 286 Sixth St., will not receive on first Friday, or again this season.

The regular monthly meeting of the Aberdeen Association has been postponed from the first Thursday in May to the second Thursday.

General S. P. Benson of London, England, a retired army officer, has been in the city since last evening. The general has been on a pleasure trip through Canada, and is as usual with all strangers, he has fallen in love with the country. He leaves this afternoon for the Old Country.

Miss A. E. Ginn, who leaves for Vancouver on Tuesday was the guest of honor at a theatre party given by the staff of Short, Cross, Bigger & Cowan on Saturday evening at the Empire. After the theatre the party was entertained at the home of Miss Alaud Linkin, Boyle street, where Miss Ginn was the recipient of a beautiful diamond and ruby ring from the staff. A dainty lunch was served after which the jolly party dispersed.

Marriage licenses issued. Jackson Bros., Jewellers.

Good Bye, Tom. A pleasant look behind one of Horner's

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

The regular meeting of the council will be held tonight.

The Ladies' Aid of the Methodist Church meets today at the home of Mrs. W. G. Congdon, 101 Avenue N., at 3 o'clock.

In the police court this morning R. Maier was arraigned before Magistrate Lowman on the charge of peddling loaves without a license. He was fined for his infringement of the law and taxed with court costs as well.

Mrs. E. K. Broadus will give an address in the Y. W. C. A., Edmonton, at 8 p.m. on the subject, "A Group of Old Ballads." All those who heard Mrs. Broadus' last lecture on "Our Book Heroine" will be pleased to know that another such treat is in store for them.

Mr. A. G. Paulin, who has been spending a few days renewing acquaintances here, returns today to Calgary. He is to be accompanied by his mother, who will in future reside in Calgary.

Mr. Bradshaw, with his family, has returned to the city from Calgary, where he has lived for the last two years. They will take up their residence at their home on 6th Avenue, North. Mr. Bradshaw is in the employ of the C. P. R.

The lights are being put back into the Oddfellows' Hall and also the place is to be renovated. Strathcona will now have a good concert and assembly hall again. Since the seizure of these effects some time since the city has been without a proper assembly hall. There is talk of putting on an assembly in the near future in honor of the event.

CANNOT TEAR HIMSELF AWAY

Sheriff Fox, of Oklahoma, in Love with Country.

HAS BEEN IN THE NORTH COUNTRY

Has not Given up Hope of Extraditing Chapman for Whom He Came Here.

The name of W. A. Fox, the sheriff from Stillwater, Okla., who came up here in connection with the Chapman case, appeared again this morning on the register of one of the local hotels.

Mr. Fox has given up all hope of securing the extradition of either the negro or Mrs. Mathews. His business in his official capacity is now over, but Mr. Fox is now so deeply in love with the country that he simply cannot tear himself away.

"It was supposed to be in Calgary, the last two or three days, according to the newspapers," said the sheriff to a Capital reporter this morning, "but I wasn't anywhere near there. To tell you the truth I have been all over the country to the north of Edmonton. I was up as far as Beaver Lake looking over the country, and next week I hope to go down around Stettler. I am perfectly in love with the country. I had no idea you had such a great farming country up here. And Mr. Fox is the kind of man that wants a good thing when he sees it. He informed the reporter that he intended to buy some land, and that it would not be very long before he would come up to northern Alberta to live here."

The case of M. McNeil, the man charged with obtaining money by false pretences in connection with the sale of certain Fort George property, was remanded for another week by Magistrate Cowan in the Police Court yesterday afternoon, in order to allow the prosecution to get several witnesses from Vancouver.

BOY ADDRESSES

U.S. SENATORS

Asked Committee for Greater Privileges for Amateur Operators of Wireless Telegraphs

Washington, D. C., May 3.—Grave, gray bearded members of the senate committee on commerce listened today with respectful attention to the arguments of a 13-year-old boy in knickerbockers who had barely topped the table which separated him and his dignified auditors.

The youthful orator was William E. D. Stokes, Jr., of New York, and his theme was wireless telegraphy and telephony. He is president of the Junior Wireless Club of America, Ltd., and he is opposed to certain features of the Dewey bill, which provides for government regulation of wireless telegraphy.

Master Stokes said the members of his organization were amateur wireless telegraphers, all of tender years. He told the committee that the boys favored a criminal license fee for wireless operators, the license to be revocable for "malpractice."

Boy Juggles Big Words Well
The boy lobbyist's voice was youthful, but his words were those of a grown man and a scientist and his hearers smiled broadly at hearing him roll fluently from his tongue the polysyllabic technical branches of his craft. However, they paid respectful attention to his arguments and appeared impressed by what he said.

When he had finished his argument against the bill the boy turned proper. He said that in ten years it would be possible for persons on land to communicate with distant points by wireless.

"If a man has an automobile breakdown twenty-five miles from home, ten years from now," he said, "all he will have to do will be to take out his wireless kit, call up his butler, and tell him he will not be home to dinner."

Cedar Limit Sold
Lethbridge, May 3.—The Lethbridge Land & Coal Company have today sold to W. H. Noyes of Barre, Ont., one of the best cedar limits in the Crow's Nest Pass. The price paid was \$20,000.

TOO LATE TO CLASSIFY

We have for Sale one of the Best

Jasper Avenue Double Corners

THIS CORNER is directly opposite the C.P.R. Station site, having 150 feet facing it and 106 feet on Jasper avenue: being the North-East double corner on Jasper and 9th St., Lots 91 and 92, Block 8, H.B.R.

Jasper Ave. and 9th Street are the two widest business streets in Edmonton, each being 100 feet wide.

BEAR IN MIND that as well as getting 106 feet on Jasper avenue the buyer of this property gets 150 feet on 9th Street directly opposite the C.P.R. Station site.

The main entrance to the Station will likely be on 9th Street, opposite this property.

THE EXPENSIVE High Level Bridge to Edmonton and the branch lines radiating out from this place guarantee a magnificent Station. Many people think this property will be the rival of the best corner on Jasper avenue.

PRICE - \$50,000

Which is only \$471 per foot frontage on Jasper Avenue, with the great advantage of 150 feet on 9th street as well.

MAGRATH, HART & CO., opposite Merchants Bank

NOTICE

NOTICE is hereby given that the undersigned intends to apply one month after the date of the first publication of this notice to the Governor in Council for approval of the plans and site of the proposed diversion of the North Saskatchewan River at a point known as Rocky Rapids in the Province of Alberta.

NOTICE is also given that plans of the proposed works together with a description of the site have been deposited in the Office of the Minister of Public Works at Ottawa, and in the Office at the Registrar of the North Alberta Land Registration District at Edmonton, in the Province of Alberta aforesaid.

Dated at Edmonton, in the Province of Alberta, this 30th day of April, A. D. 1910.
